

Government of Western Australia  
Department of Sport and Recreation

Sport and recreation builds stronger, healthier, happier and safer communities.

# Sport and Recreation Career Development Program

The Sport and Recreation Career Development Program aims to equip participants with a better understanding of the sport and recreation industry, increased leadership skills and improved industry networks.

## Student Futures

Offered to six students enrolled in at least a Certificate III or first year sport and recreation-related course.

The program will provide selected participants with the following:

- Attendance at a specialised industry networking event with representatives from sport and recreation organisations.
- A professional development workshop.
- Assistance to complete an official accreditation in their area.
- An official certificate of recognition.

The following will be required of participants throughout the program's duration:

- Attendance at all organised events and workshops.
- Undertake an individual volunteer project.
